

**The International Tunnelling Association (ITA) maintains this website in order to, and in accordance with its statutes, to facilitate the exchange of information:**

- to encourage planning of the subsurface for the benefit of the public, the environment and a sustainable development
- to promote advances in planning, design, construction, maintenance and safety of tunnels and underground space, by bringing together information thereon and by studying questions related thereto.

**However ITA accepts no responsibility or liability whatsoever with regard to the material on this site.**

**This material is:**

- information of a general nature only which is not intended to address the specific circumstances of any particular individual or entity;
- not necessarily comprehensive, complete, accurate or up to date;
- sometimes linked to external sites over which ITA services have no control and for which ITA assumes no responsibility;
- may not be ITA position, specially in the use of private forums
- not professional or legal advice (if you need specific advice, you should always consult a suitably qualified professional).
