STS Fall Excursion 2016, 09.11.2016  
Galgenbuck Tunnel, Schaffhausen

**STS young members (STSym)**

44 years ago the Swiss Tunnelling Society (STS) was founded as "FGU - Fachgruppe für Untertagbau". In 2016, young specialist of the underground construction launched the "STS young members" (STSym) under the guidance of Jasmin Amberg, following the example of other countries and with the support of STS.

STSym is open to young engineers under 35 years of age who are members of STS.

Jasmin Amberg
