Singapore is ideally located in Asia, where the needs for infrastructure and resource development are well supported by high-level research from the Academia and governments. ARMS10 Singapore 2018 offers an ideal opportunity and platform for professionals from the international rock mechanics community to exchange experiences and new ideas. In addition to an enriching technical program, there will also be social activities and sightseeing opportunities in Singapore and the region.

We invite you to join us! Please contact the ARMS10 Secretariat at: ARMS10@meetmatt.net, if you have any feedback or suggestions.

Yours sincerely,
ARMS10 Organizing Committee
