

ITA-CET Committee on Education and Training

ITA invites all parties worldwide interested in the field of education and training for tunnelling and underground space use to become a member and participate in ITA-CET's activities. Only corporate membership will be considered. Individual membership is not allowed. ITA-CET membership has to be confirmed by the Committee Steering Board, but does not bind applicants to membership in ITA. Of course, a membership in both is possible and welcome.

Wide-ranging membership will undoubtedly help to improve the use of underground space.
