

ITA TUNNELLING
AWARDS 2018

Giuseppe M. Gaspari

Arup

Canada & Italy

- *Chartered Civil Engineer, MSc in Geotechnical Engineering, 2nd level Master in Tunneling and Tunnel Boring Machines, Kellogg-Schulich 2019 executive MBA candidate*

Giuseppe has managed project & design of tunneling works in Europe, Singapore, India, Canada, and the USA, and has been the Tunnel and Geotechnical Lead for Canada on underground projects such as sewers, metros, and outfalls. He has over 30 scientific articles published, and has guest lectured on pre-cast segmental lining, rock mechanics, long and deep tunnels, conventional and mechanized tunneling, and underground technologies.

His dedication can be seen in his organization membership and leadership. He has been a steering board member for ITA-YM since 2016, a WTC 2019 Executive committee member, founder and president of YM at both SIG ExCo and AGI (Italian Geotechnical Association), member of CSG, TAC, ISRM, ISSMGE, and is the YLC Vice-Chair for Europe of SME-UCA.
