

8th ITAym General Assembly 2021- Minutes

Date and Time: 29 / 06 / 2021; 01.00 – 03.00 PM CEST

Venue: Virtual Meeting (zoom)

Participants

Member Nations: 24

Number of Participants: 38

Minutes

The ITAym Steering Board welcomes the member nation delegates, candidates and other participants to the meeting. Jasmin Amberg (chair ITAym) presents the current ITAym steering committee and informs that Sandeep Singh Nirmal reached the end of term and will leave the committee after the GA. Additionally Keith Bannerman, who supported the committee as past-chair during the last year, will leave the committee definitely after the GA.

The ITAym steering committee thanks Keith and Sandeep for their outstanding work in the ITAym steering committee and for their passion for the young members.

Activity reports and ongoing projects

Detailed information about the following topics can be found in the attached presentation.

-  Report from ITAym Steering Committee
-  Projects of ITAym Steering Committee
-  Report from Member Nations

Elections

There are 13 candidates for 1 open position in the steering committee. The ITAym steering committee congratulates all candidates to their nomination.

Election Rules:

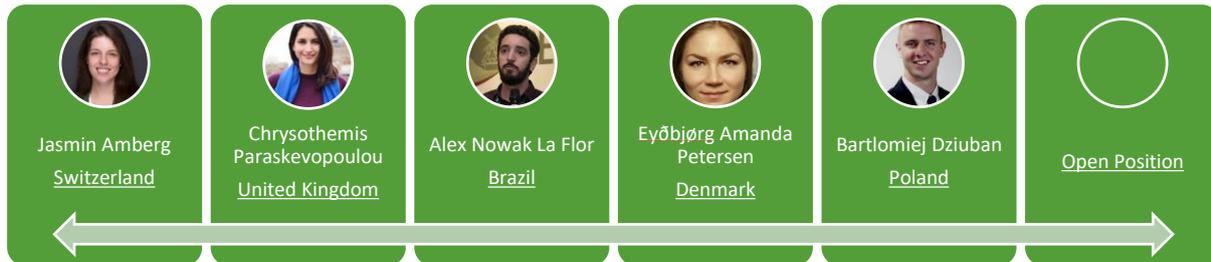

-  Majority of 50% must be reached (in line with the ITA By-Laws)
-  Every voting delegate has 1 vote each round
-  4 rounds of ballot; the candidates with the fewest number of votes are excluded from the next round

Member Nation	Name (First, Last)	Member Nation	Name (First, Last)
Australia	Alena Conrads	Mexico	Diana Gutiérrez Uclés
Canada	Tim Packulak	Netherlands	Carolina Lantinga
China	Xi Jiang	Portugal	Tiago Gomes
France	Sam Huckle	Russia	Olga Vershinina
Germany	Christian Rhein	Turkey	Herman Nurnur
India	Ayush Raj	USA	Sean McDonald
Kenya	Vincent Rono		

Results:

- ③ First round: 7 candidates received only 1 vote → 6 candidates remain for the second round:
Alena Conrads, Tim Packulak, Sam Huckle, Christian Rhein, Diana Guti rrez Ucl s and Vincent Rono
- ③ Second round: 3 candidates with the most votes remain for the third round:
Tim Packulak, Sam Huckle, Christian Rhein
- ③ Third round: nil result, all candidates received the same amount of votes
- ③ Fourth round: nil result, all candidates received the same amount of votes

→ None of the candidates received a majority. The position of the steering committee remains open til next year.

WTC 2022 – Copenhagen

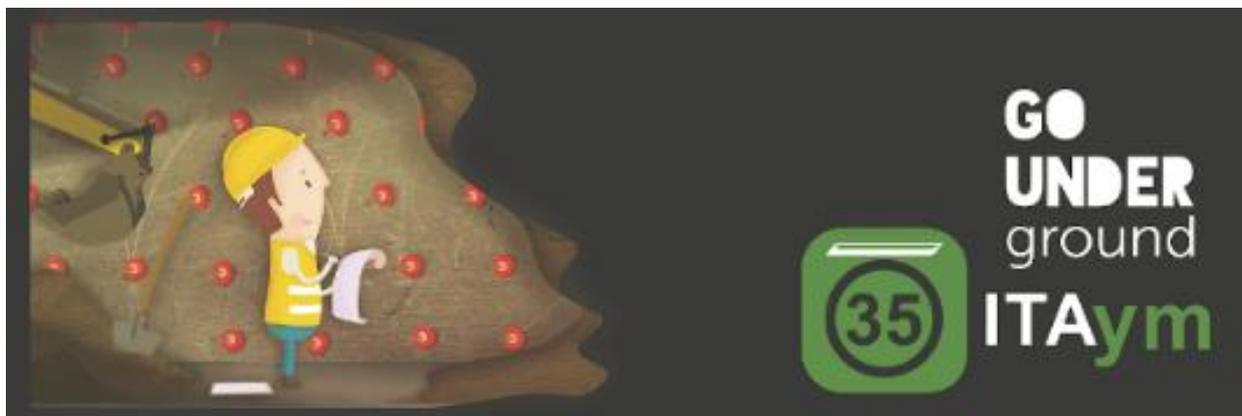

Ey bj rg Amanda Petersen from Denmark informs about the organization of WTC 2022 in Copenhagen. Details can be found in the attached presentation. Important for ITAYm:

- ③ ITA-CET Training course on Sustainability
- ③ ITAYm social event on Monday evening
- ③ ITAYm General Assembly on Wednesday morning

Closing remarks

The ITAYm Steering Committee thanks all participants of the meeting and points out the various contact options:

- ③ ITAYm email-address – itaym@ita-aites.org
- ③ ITAYm newsletter – sign-up-link: <http://eepurl.com/dKluHk>
- ③ ITAYm Youtube channel - [ITAYm - YouTube](#)

ITAYM – GENERAL ASSEMBLY

ONLINE - 29th June 2021

The next generation of tunnellers

TODAY'S AGENDA

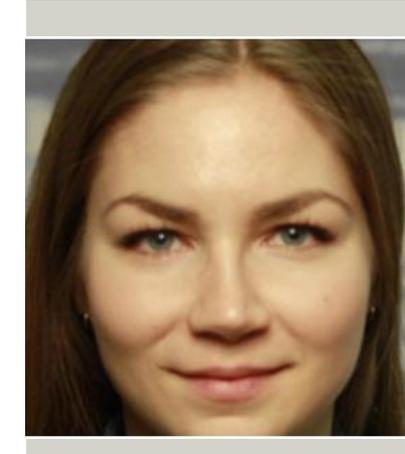

- Introduction
- Candidates & **1st round voting**
- ITAym Committee Report
- **2nd round voting [if required]**
- ITAym Projects
- **3rd round voting [if required]**
- Member Nations presentations
- **4rd round voting [if required]**
- WTC2022 – Copenhagen
- Closing remarks

*Questions or remarks?
Use the chat function in zoom*

2020/21 COMMITTEE

- Jasmin (Switzerland) - chair
- Chrysothemis (UK) – vice chair
- Bartłomiej (Poland)
- Alex (Brazil)
- Sandeep (India)
- Eyðbjörg (Denmark)
- Keith (Australia) – past chair

ITAYM CANDIDATES

- Open positions: 1 [Total members steering committee: 6]
- Number of Candidates: 13
- Additional Nominations at ITAym General Assembly are NOT possible this year
- Every voting delegate received the personal link for voting and has 1 vote each round of ballot.
- For election 50% of votes must be reached. There will be max. 4 rounds of ballot. If nobody reaches the majority, the position remains open.
- Exclusion of candidates with the fewest number of votes:
 - Round 1: 4 candidates -> 9 candidates remaining
 - Round 2: 3 candidates -> 6 candidates remaining
 - Round 3: 3 candidates -> 3 candidates remaining
 - Round 4: last round

Name	Nation
Diana Gutierrez	Mexico
Christian Rhein	Germany
Tiago Gomes	Portugal

ITAYM REPORT

Committee Report 2020/2021

OUR GOALS

TO BE THE LEADING GLOBAL TECHNICAL NETWORK FOR YOUNG PROFESSIONAL ENGINEERS AND STUDENTS IN THE TUNNELING & UNDERGROUND INDUSTRY.

- **Encourage** collaboration across borders and across languages
- **Develop** an active connected global network of young tunnellers
- **Grow** the ITAYm participants to be the future of the ITA
- **Further** the integration of ITAYm within ITA WGs and committees

ITAYM COMMITTEE REPORT

- **World Tunnel Day on 4th of December**

Celebration with a 24 hours digital zoom-marathon.

Encouraging the national ym-groups to be part of it and share their celebration and / or national ym-news

-> have a look at the videos here:

https://www.youtube.com/playlist?list=PLgOJn-0R7gor0oCV5kQ_5QRg3ZY4A4YcW

- Continued with the **ITAyM-newsletter** including information from ym-groups all over the world

-> sign-up here: <http://eepurl.com/dKluHk>

- Using the platform slack for **collaboration** between ITAyM steering board and among the national ym representatives.

- Worked towards ITA organisations to get young people involved and contribute actively in organization activities. This includes involvement especially in ITACET;

- Actively supporting YM nations events, including ym-conference in Asia and India;

- **Edition 7 of Breakthrough** in the making

13/04/2021

ITA Young Members 2020-21 Activity Report

Main Activities

- 1. Encourage and support member nations in establishing national Young Members organizations
- 2. Strengthen the international network between already existing Young Member organizations
- 3. Be an active part of the ITA-AITES, including activities for ITA-AITES GA 2021, ITACET etc.
- 4. Encourage involvement of Young Members in other ITA Committees and Working Groups.

Goals

- | | |
|--|---|
| 1. Collaboration
Encourage collaboration across borders and across languages | 2. Connection
Develop an active global network of young tunnellers |
| 3. Development
Grow the ITAyM participants to be the future of the ITA | 4. Integration
Further Integration of ITAyM within ITA WGs and committees |

Steering Committee

Activity Report

ITAYM have been involved in the following activities the last year:

- 1. Successfully attended the digital WTC 2020 in Malaysia (including ITAyM booth at the digital exhibition) and elected three new steering committee member during the ITAyM general assembly;
- 2. Worked towards ITA organisations to get young people involved and contribute actively in organization activities. This includes involvement in ITACUS and especially ITACET;
- 3. Continued with the newsletter independent of Breakthrough including information from ym-groups all over the world. Have issued 6 newsletters in the last 12 months (see link below);
- 4. Focused on being active on Social media, especially Facebook and LinkedIn;
- 5. Celebrating Word Tunnel Day on 4th of December with a 24 hours digital zoom-marathon. Encouraging the national ym-groups to be part of it and share their celebration and / or national ym-news;
- 6. Working on the next yearly issue of Breakthrough together with Tunnelling Journal. Distribution planned in June 2021;
- 7. Preparations for ITAYM general meeting 2021 and cooperation on ITACET training courses (lunch series);
- 8. Actively supporting YM nations events, including ym-conference in Asia and India;
- 9. Presence of ITAyM Chair on ITA Awards judging committee for 2020.

Breakthrough 7- Physical copies will be available for orders and shipping soon after publication.

ITAYM PROJECTS

YM-Group Starter Kit – Women in ITA –
Contact to **Working Groups** and Committees –
Collaboration with **ITA-CET – World Tunnel Day 2021 – ITA-AITES Tunnelling Week...**

YM-GROUP STARTER KIT

#StarterKit

Are you interested in improving awareness of the tunnelling and underground construction industry and facilitating arenas for young professionals to exchange ideas, experiences and build networks nationally as well as internationally? Starting a national YM group is a great basis for providing a bridge with senior experienced engineers in order to share ideas and learning across generations through networking events and the like. Create a platform for the voice of the next generation of tunnelling professionals and future of the industry in your country and stay in touch with ITAYm for support and collaboration across the world.

1.

Contact your national tunnelling association about the idea of establishing a Young Members group.

2.

Use your own network to help establish the group, contact the world and get public.

3.

Arrange a gathering for those that are interested in contributing. Discuss what people would like to get out of the Young Members group, how to organise webinars, etc. There are no requirements for forces or content - it is up to yourselves and your Member Nation officials to decide what you want.

6.

The ITAYm Group can assist with be laws or give examples from other countries. Cooperate with the ITAYm Group to get contacts internationally. Contact Breakthrough magazine to spread the word about your new group and to provide your activities.

5.

Work with your Member Nation as how to organize the board and the aims and objectives of your group, prepare a recruitment kit to invite and start working to engage events and bring young members together.

4.

Set up a kick-off event where you invite as many people as possible, invite an interesting speaker or give a presentation on a high profile project to attract people. Encourage participants to get involved. Organise a social function afterwards to encourage networking within the group.

YOU NOW HAVE YOURSELF A YOUNG MEMBERS GROUP - ENJOY!

Reach out and spread the word

...and for inspiration!

#StarterKit

In this page you'll find some useful tips on how to conduct your Young Members Group!

EVENTS

<p>Lectures</p> <p>2020 was the year of webinars, and they came to stay. This type of online event is great to share information from your group to an unlimited number of people, in the comfort of their homes. A webinar can be made to simply hosting an online meeting and sharing the location link with your members, but the best idea is to share it publicly, and a lot of groups use YouTube. Use for that there are plenty of tools for hosting your webinar directly to YouTube Live, like OBS, which is an open source software on Steam, which is a good platform with a great free plan.</p>	<p>Webinars</p> <p>2020 was the year of webinars, and they came to stay. This type of online event is great to share information from your group to an unlimited number of people, in the comfort of their homes. A webinar can be made to simply hosting an online meeting and sharing the location link with your members, but the best idea is to share it publicly, and a lot of groups use YouTube Live for that. There are plenty of tools for hosting your webinar directly to YouTube Live, like OBS, which is an open source software on Steam, which is a good platform with a great free plan.</p>	<p>Site Visits</p> <p>A great way to give your members a taste of how in the tunnelling life is to organize site visits. The younger members that still didn't get any experience will love the visit. Look for some great projects in your country and ask for the Board Members to help you getting in contact with the people in charge!</p>
---	--	--

MARKETING

<p>Mail Marketing</p> <p>The best way to bring your members list updated while sending them updates from your group is using an email marketing platform. Using such platform also prevents your emails getting flagged or spams.</p> <p>In the free tier you can have 2,000 subscribers and send 12,000 emails per month.</p>	<p>Design</p> <p>Creating the artwork for your events can be a little painful. Using professional software like Canva will save the time, but it's an option.</p>	<p>Social Networks</p> <p>If you want your group to reach broader audiences, you must create accounts in some social networks. This is great to get new members, share your activities and expand the group's network.</p>
---	--	---

INTERNATIONAL NETWORKING

<p>Breakthrough</p> <p>As you probably already know, since 2015 the ITAYm produces an annual magazine featuring the best of the tunnelling industry as seen by their young members. Don't miss the opportunity of sharing your experiential</p>	<p>World Tunnel Day 24h Marathon</p> <p>In 2020 we had the first edition of the 24-hour Tunnel Day Marathon and we are planning on having it every year. It was exciting to see young professionals participating to create this global event. Don't miss the opportunity of showing the activities of your group and the tunnelling world of your country on the next marathon!</p>	<p>Joint Webinars</p> <p>We were pleased to see that our growing network is connecting even more with plenty of joint webinars. We have seen a lot of great lectures organized between young members group across the world. Check our YouTube channel with more joint webinars.</p>
--	---	---

ITAYm Slack Group

The website for the group was developed by the Young Members of the association of an online forum for members to get in touch with each other. It was a great experience and we hope to see more groups using it. Please contact us if you need any help or if you have any questions regarding it.

WOMEN IN ITA

ITAyM is joining the world celebrations on women in engineering day by introducing a mini-series to embrace and acknowledge the women in ITA-AITES and their valuable contributions.

In this video **Jasmin Amberg**, **Chrysothemis Paraskevopoulou** and **Eyðbjörg Petersen** from ITAyM

are sharing their views and interesting stories based on their tunnelling experience

[#womeninITA](#) [#womenintunnelling](#) [#womeninITAyM](#) [#womeninengineering](#)

INTERNATIONAL WOMEN
In ENGINEERING DAY
23 June 2021

[#womeninITA](#) [#womenintunnelling](#) [#womeninITAym](#)

ITAym acknowledges and celebrates all women in the various fields of engineering around the world who are going above and beyond to make this world a better place!

Happy Women in Engineering Day!

CONTACT TO WG & COMMITTEES

- Goal:
Improve the contact between WG / Committees and young members
- The WG and Committees are open for interested young members
- Questionnaire for WG / Committees
 - Goals / topics of the WG / Committee
 - "Products" of the WG / Committee (Publications, Achievements)
 - Current and planned projects
 - Where could an input of a young member help?
 - Contact details
- Sharing the information with the ym-community (newsletter, website)

ITAm - ITA WG / Committees

ITAm - ITA WG / Committees

Questionnaire

Main goals of the WG / Committee
What are the topics covered by the WG / Committee, what do you want to achieve in your WG / Committee?

The aim of ITAtech is to provide a platform for engineers, manufacturers, contractors and suppliers to draw global experience, industry, and to find ways of support collaborating on the development of 1 of best practice guidelines.

The ITAtech activity groups (AG) will such as Data Management, Excavate

"Products" of the WG / Committee
Publications, Achievements

To date 13 reports have already been published:

1. PERMANENT SPRAYED CO
2. PRACTICAL APPROACH TO OPTIMIZING ADVANCE IN T
3. STATION GUIDELINES FOR TUNNEL EXCAVATION
4. GEOTECHNICAL ANALYSIS FOR SURVEILLANCE FOR GOOD PMU VOL. 2: PRODUCTION AND VIBRATION CONTROL IN U
7. STATION GUIDANCE FOR SEGMENTS - VOL. 1: DESIGN
8. GUIDELINES FOR REMEDIATION
9. SUBSTANCES ON MONITORING
10. SUBSTANCES ON BEST PRACTICE
11. GUIDELINES ON STANDARD OF RATING LIFE (SRL) OF T
12. DESIGN GUIDANCE FOR

Current and planned Projects
What are you currently working on in your WG / Committee? What are you discussing? What are your next ideas?

There are 6 Activity Groups in ITAtech and 13 Sub-Activity Groups are working within these areas:

- Data Management:
 - Investigation
 - Fair pricing
 - Monitoring
- Excavation:
 - Mechanical Support
 - TBM Internal Consumables
 - TBM services: Guidance
 - Pre-Excavation Grouting
- Lining, Support & Waterproofing:
 - Waterproofing
 - Permanent Sprayed Concrete
 - Cast in Situ
 - Shotcrete
 - Shotcrete
- Maintenance & Repair:
 - Condition Survey
 - Design

Producing full guidelines is a time-consuming process
working group topics. Therefore, it is proposed that 10 specialist technical knowledge for specific chapters or that the industry only release the most up to date info to the member nations.

Where could an input of a young member or some what do you expect of a young member? What can a young member bring to your WG / Committee?
We would expect two main activities from the young members and identify those areas where they influence guidelines or write papers on new technologies. First two, we would like to encourage young members to 1 and get involved in participating to be able to contribute future.

Yours
If there anything else you'd like to share with the group Open communication and feedback is one of the great things to the ITAtech Steering Board.

Announcement

ITA-AITES WTC 2022

Copenhagen
April 22nd to 28th

The screenshot shows the website for the World Tunnel Congress 2022. The background of the website is a perspective view of a modern, brightly lit tunnel interior with green-tinted walls and white railings. On the left side, there is a vertical navigation menu with the following items: WELCOME, CALL FOR ABSTRACTS, VISITORS, CONGRESS, SPONSORS & EXHIBITORS, ABOUT US, GENERAL INFORMATION, and CONTACTS. Below the menu is a search bar with the text "Search ..." and a magnifying glass icon. The main content area on the right features the event title "WORLD TUNNEL CONGRESS 2022" and the subtitle "Underground solutions for a world in change". Below this, the dates "22 - 28 APRIL 2022, Copenhagen, Denmark" are displayed. There are two social media buttons: "Follow WTC 2022" with a Twitter icon and "WTC 2022 Event" with a LinkedIn icon. A large digital countdown timer shows "09 Months" and "24 Days". On the far right edge, there are icons for LinkedIn, Facebook, and Twitter. At the bottom of the website, there is a navigation bar with links for "Registration", "Accommodation", "Abstract submission", and "Sponsors & Exhibitors". A "Privacy Policy" link is also visible at the bottom left of the website area.
