WTC 2020 - Malaysia

The WTC in Kuala Lumpur, Malaysia is fast approaching. You find all information about the activities of the ITaym during WTC 2020 here: <https://www.wtc2020.my/4/1323/itaym/>

WTC 2020 will be exciting for the ITaym because we are looking for new steering board members...

The board members are elected for periods of 2 years. At WTC 2020 some of the steering committee members will step down or must get re-elected. There will be only one member (Sandeep, India) who still have another year on the board as he got elected last WTC in Naples. That means that 5 positions need to get filled again...

As per the steering board elections, **any tunnel engineer under the age of 35 is very welcome to apply**, provided that she/he is also a member of one of the National Associations, recognized as Member Nations within the ITA-AITES organization. We are looking for candidates who are:

- *Enthusiastic about Tunnelling, in all its forms and technical/business aspects.*
- *Connected with the younger generation to encourage them getting involved.*
- *Committed in terms of time to meet with the rest of the board and work on specific tasks.*
- *Eager to be involved and help shape the future of Young Tunnellers in the ITA-AITES.*

Interested?

Fill out this [registration form](#) and send it with a picture of yourself before end of April 2020 to itaym@ita-aites.org.

News from member nations

We'd love to spread news about the activities of your national ym-groups. So please don't hesitate to send us some pictures and a short description of your upcoming or past events.

Switzerland - STSym and AFTES-ym

Regional Event, Geneva

On Friday 21st of February almost 40 young tunnellers from 6 different nations came together in Geneva. They visited the construction site of the new Hi-Lumi project at CERN. The project includes a 60 m deep shaft, a large cavern and a power converter tunnel that is connected with 4 service tunnel to the existing particle accelerator ring. Dinner and networking drinks completed the interesting day!

The event was organized by the Swiss and French young members and supported by ITAym, STS, AFTES, Marti Group and Setec.

ITA Awards 2020

ITA-AITES - Award

Melbourne, Australia

This year the ITA-AITES award is hosted by the Australian Tunnelling Society (ATS) and will be part of the Australasian Tunnelling Conference in Melbourne 29th of November to 2nd December 2020.

More information can be found on the official homepage:

WTC 2021

ITACET - Training Session

Questionnaire

The organizing committee of [WTC 2021](#) in Copenhagen is interested in the expectations and preferences of the young member for the training session ahead of WTC. They prepared a questionnaire and it would be great, if you all could answer it:
